Echo Canyon Three Drawer Nightstand

The Echo Canyon Nightstand is a refined blend of transitional design and artisanal craftsmanship. Constructed from oak and oak veneers in a beautifully faded oak finish, this piece highlights the depth and texture of antique wood finishing techniques. Its subtly curved front adds a soft, elegant touch, while the brass ring pulls provide a sophisticated contrast against the warm wood tones. Designed with three spacious drawers, this nightstand offers ample storage for bedside essentials while maintaining a sleek and timeless aesthetic. A versatile addition to any bedroom, the Echo Canyon Nightstand pairs seamlessly with both classic and contemporary interiors.
