Cromwell

Sagehill Spindle Leg Console

The Sagehill Console Table blends timeless character with functional design. Crafted from oak and oak veneers in a Timberon Grey Oak finish, it showcases traditional craftsmanship with spool-turned legs, brass ring pulls, and a subtly planked top surface. Three spacious drawers and an open lower shelf provide practical storage and display space, making it a versatile addition to hallways, dining areas, or living spaces. Finished on all sides for flexible placement, the Sagehill Console Table offers both utility and classic appeal.
