Cromwell

Palm Court Rattan Centre Table

The Palm Court Centre Table embodies British Colonial refinement through its elegant balance of form and material. A circular wood top rests on a handwoven rattan pedestal base, sculpted with a flowing hourglass silhouette that widens gracefully at the top and bottom. Rich texture and natural variation highlight the craftsmanship of the woven surface, while layered edge detailing around the top adds a tailored finishing touch. Both sculptural and relaxed, the design brings warmth and texture to gathering spaces.
