Cromwell

Tamarisk Table Lamp

The Tamarisk Table Lamp brings the warmth and character of the collection into a refined lighting silhouette. Crafted from acacia wood in a Medium Spanish Walnut finish, the base features a shapely stacked-baluster form that echoes the turned details found throughout the Tamarisk pieces. A metal trim accent at the base adds a subtle note of contrast, balancing the lamp's traditional profile with a tailored finish. Topped with a crisp fabric shade, it offers a soft, inviting glow suitable for bedside, living room, or study spaces.
