Pineapple Table Lamp

The Pineapple Table Lamp brings a touch of timeless charm with its sculpted botanical form and warm metallic finish. The carved pineapple base, long a symbol of welcome, features layered detailing that catches the light beautifully, while the fluted pedestal adds a graceful sense of proportion. A classic fabric shade softens the illumination, creating an inviting glow in any setting. Finished with a coordinating pineapple finial, this lamp offers a refined, whimsical accent that elevates a room with subtle tropical elegance.
