Cromwell

Terra Console Table

The Terra Console Table is a stunning display of craftsmanship and design, featuring intricate straw marquetry in beautiful natural brown tones. Hand-applied across the entire top, the marquetry creates a mesmerizing pattern, enhanced by a high-gloss finish that highlights its organic texture. The table also includes a discreet single drawer, providing simple storage for everyday essentials. Its base features a lacquered black finish on the inside of the legs, adding a subtle yet striking contrast that gives the piece a dimensional, sculptural feel. With its seamless blend of natural beauty, functional storage, and contemporary elegance, the Terra Console Table makes a refined statement in any entryway or living space.
