Sapphire Accent Chest

The Sapphire Accent Chest is a bold blend of artistry and utility, bringing vibrant color and modern elegance to any interior. Its hand-applied straw marquetry doors radiate in a dramatic starburst pattern, finished in azure blue for a mesmerizing visual impact. The warm chocolate apricot-toned oak case provides a refined contrast, while custom square iron hardware adds sculptural presence. Behind the doors, a soft blue lacquer interior with drawer and shelf offers practical storage with unexpected charm.
