Cromwell

Azura Console Table

The Azura Console Table is a stunning showcase of modern craftsmanship and design. Its surface is adorned with intricate straw marquetry in vibrant turquoise tones, hand-applied across the entire front to create a mesmerizing starburst pattern. This beautiful detailing is complemented by satin-finished stainless steel metal banding, adding a sleek, polished contrast to the natural texture. The table features two spacious drawers seamlessly integrated into the design, offering storage while maintaining its artistic appeal. Finished with a rich ebonized oak frame and legs, the Sapphire Console Table combines bold visual elegance with practical functionality, making it a standout piece for any entryway or living space.
