Verdure Green Rectangular Set of 2 Trays

The Verdure Rectangular Trays highlight the beauty of natural materials through meticulous craftsmanship. Each tray features an intricate straw-inlay marquetry surface, arranged in a radiating pattern that enhances the organic texture and tonal variation of the Jade Green Straw finish. Smooth, rounded edges frame the inlay with a refined silhouette, while integrated side openings make the trays easy to lift and carry. Layered together or styled separately, this set brings artisanal warmth and understated luxury to any space.
