The Rosston table

The Rosston table is part of the William Yeoward Uptown Chic Collection. The elegance of this mid-19th century fruitwood end table is to all intents and purposes, obvious. The barley twist legs and the fret wood stretcher support a delightful tray top under hung with a useful drawer. The warm colour of this delightful piece makes it flexible to be used between a pair of beds, at the end of a sofa, or even between a pair of windows. Alternatively it would be lovely as a pair of night table in a bedroom.
