Cromwell

Brindisi Bronze Wall Sconce

The arcing arm of the Brindisi Bronze Wall Sconce defines the gracefulness of this design, the disc-shaped bobeche atop the tubular support serving as the perch for the tall, thin opaque glass canister shade. Made of metal in an oil-rubbed bronze finish, the cleanly designed black wall sconce with its softly glowing white shade is certified for damp locations. We also offer the Brindisi in polished nickel and antique brass finishes.
