Malibay Pedestal

Wrapped in natural rope, the Malibay Pedestal is made of wood and topped with a disc of glass. The artistry required to create such a cohesive flow of rope on a piece such as this takes our craftsmen a great deal of time to master. The rope pedestal has an implied base where the direction of the rope goes from horizontal to vertical. The Malibay is also available as an accent table, and we offer two heights of the Macati Pedestal for round versions of this design
