Cromwell

Crane Silver Accent Table

The Crane Silver Accent Table has an artfully realized bird that is made of cast aluminum covered in a nickel finish. The table is all the more whimsical given the glass top is fitted to the crane at a narrowing point on its neck. The table, which ships without the glass top in place, is easy to assemble, as the crane's head unscrews so the top can be inserted. The base edges have slight bevels on the top and bottom.
