Marilee Single Light Wall Sconce

Everything about the Marilee Single-Light Wall Sconce is luminous, from its Dutch Gold Leaf finish to the crystal blossom that rises from the end of its stem. The bulb is nestled into the faceted pink crystals to bring effervescence to the glass. The detailing on the arm looks like leaves flowing up from the wallplate and a palm detail spritzes beneath the blossom like an implied bobèche. The gold wall sconce, which is made of wrought iron, is dimmable
