Bradshaw Wall Sconce

The Bradshaw Wall Sconce is made of wrought iron in a warm brass finish. Designed by Bunny Williams, the gold sconce has columnar shape fitted with sparkling crystal baguettes in the middle and frosted glass discs that flow up and extend down to create flourishes on the top and bottom, the uppermost one curved like a small coronet. The milky glass pieces, which are made specifically for this fixture individually, have edges that are polished for a sophisticated feel. Each one and each of the crystals are attached by hand. Williams was inspired by an antique with an Art Deco feel when she envisioned this dimmable two-light wall sconce.
