Barbican Double Light Brass Wall Sconce

The Barbican Double-Light Brass Wall Sconce has a tubular stem that balances cup-like shapes into which translucent glass globes nestle. Also meant to keep the design minimal is the button-like hardware that Ian Thornton designed to be as streamlined as possible. This gold sconce is included in our Bagno Collection of damp-rated lighting that is designed specifically for bathrooms.. The Barbican can be mounted sideways to fit over a mirror.
