Cuprum Table Lamp

Dripping with artistic appeal, the Cuprum Table Lamp earns its name from the copper glaze that enlivens its bottle-shaped surface. Trickling down from the point where the ceramic lamp's body begins to swell, a dark green glaze flows toward the bottom where it ends in runnels that expand in a painterly fashion

Cuprum Table Lamp

A2 6000-1000

Dimensions

432 X 432 X 660MM HIGH

Status
