Lucy Pink Table Lamp

The tone-on-tone pattern flowing along the surface of the baluster-shaped body of the Lucy Pink Table Lamp is made in the Venetian tradition of Zanfirico, which was perfected by Murano glassblowers in the nineteenth century. Rods of glass are heated until they fuse and then pulled to create the markings. The pink lamp is topped with an empire shade and there is a metal step above the optic crystal base in a polished brass finish.

Lucy Pink Table Lamp
A2 6000-1023

Dimensions
508 X 508 X 775MM HIGH

Status
