Cromwell

Comme Des Paniers Cylinder Pendant

The Comme Des Paniers Cylinder Pendant was inspired by wicker bags our design team saw in Paris. Panier in French means basket, the name a nod to the basket-weave it took to achieve this cylindrical shade. A detail of note is how the two-tone wicker shade looks as if there is a flame flowing up it. The wrought iron hardware on this basket-weave pendant is in a Khaki finish. We offer several versions of pendants in this design.
