Cromwell

Menefee Large Gold Chandelier

The swirl of long, slender leaves wave as if being stirred by summer breezes on the Menefee Large Gold Chandelier. The hand-applied antique gold leaf finish makes the wrought iron gleam on this transitional, nature-inspired form, whether the lights are switched on or not. This fixture is a statement piece at 50-inches in diameter, so it is perfect for statuesque foyers, open great rooms, or any room with high ceilings and/or expansive floor plans.
