Pleiades Large Chandelier

When envisioning the Pleiades Large Chandelier, the goal was to create drama with cylindrical pieces of seeded crystal fitted into a generously scaled silver leaf wrought iron ring. The open design of the ring is essential to enhance the sensational illumination, as it is fitted with an integrated LED strip. The light effervesces when it strikes the bubbles in the crystal rods, adding to the chandelier's allure. The Pleiades is dimmable.

Pleiades Large Chandelier
A2 9000-1221

Dimensions
1290MM DIAM X 100MM HIGH
