## Tijereta White Chandelier

New to the Marjorie Skouras Collection, the Tijereta White Chandelier pays homage to the Fork-tailed Flycatcher, a nimble bird with an elegant scissor tail. This is one more creation that illustrates Skouras's ability to translate the natural world of the Yucatan Peninsula into beautiful design elements. The circular chandelier seems to float, as birds do, given it is hanging from aircraft cable

### Tijereta White Chandelier

A2 9000-1262

### Dimensions

1015 X 1015 X 382MM HIGH

### Status

NOT IN STOCK
