Nottaway Linear Champagne Chandelier

The arms of the Nottaway Linear Champagne Chandelier stretch gracefully from a petite cog at the bottom of its long, thin stem, which is ornamented with a dainty ring. Though the silver chandelier has minimalist lines, there is a sweeping fluidity to its profile that makes it a natural choice for above kitchen islands and bars or long dining room tables. The finish on the wrought iron frame brings textural interest to this dimmable two-light fixture.
