Nottaway Two Tier Champagne Chandelier

The arms of the Nottaway Two-Tier Champagne Chandelier stretch gracefully from petite cogs that rest at the bottoms of its stems, the bottom one ornamented with a dainty ring. Though the silver chandelier has minimalist lines, there is a sweeping fluidity to its profile that makes it a natural choice for large tall foyers or any room with high ceilings. The finish on the wrought iron frame brings textural interest to this dimmable nine-light fixture.
