Cromwell

Verre de Mer Small Chandelier

The Verre de Mer Small Chandelier has a cascading shade made of sand-blasted glass that was hand-cut from recycled bottles to resemble seaglass. Each piece of this sustainable material is attached to the frame by hand, the wires wrapping around each requiring patience and precision to affix. The round metal frame, in a contemporary gold finish, holds four layers of very pale green glass that are illuminated by a single light.
