Cromwell

Grebe Natural Stone Grey Stool

The Grebe Stool is a multifunctional wonder. Ideally sized, this 18" faux stone square is sturdy enough to sub as an extra seat yet easy to reposition as a side table, footrest, or coffee table. The neutral Natural Stone colour allows this piece to coordinate with most settings and styles, and it seamlessly transitions from a laidback, casual vibe to a more classic refined look. Rounded edges add a sense of softness. Natural Stonecast finish.
