Tern Aged Stone Grey Side Table

A gracefully sculpted base is an intriguing counterpoint to the Tern Side Table's cast stone composition. From the Summer Classics Cast Stone Collection, this elegant side table can easily withstand natural elements for long-lasting use and is equally at home in a poolside cabana or a living room. Linear stria detailing adds texture and pattern to the table's base, while the round tabletop's smooth finish provides an ideal multifunctional surface. Natural Stonecast finish.
