Avery Desk

The stately Avery Desk adds a dignified sense of permanence to any study or workspace. The combination of timeless white oak, leather, and antique brass hardware and metal accents is an impressive blend of function, craftsmanship, and lasting aesthetics. Avery's three-panel surface is standard, in a deep olive-green leather (similar color to HC146-Cortez Forest leather), and provides ample workspace, while two wood grommets on the left and right panel offer custom finish options and practical wire management. Double-pedestals feature ample drawer storage; the center drawer features solid wood dividers, the left pedestal features 3 drawers, the top drawer with customer solid wood dividers; the right pedestal features 1 drawer, 1 file drawer, with the Top right surface featuring an additional pull-out work surface. Each pedestal is elevated by an antique brass metal plinth with thoughtfully placed wire management access. The opening between the pedestals is 26" H x 28' W.
