Mimi Black Leather Chair

Reminiscent of the glamorous 1960's, the Global Views Mimi Chair marries modern design, exceptional craftsmanship, and very liveable comfort. The barrel seat is covered in top grain cowhide leather, perched at a perfect pitch atop a three legged walnut-finished bracket base with finials. The Mimi Chair is stunning from every angle and begs to float in a room - offering changing silhouettes of surprising balance and proportion with every view. Classic, current, and timeless, the Mimi Chair harmonizes beautifully within the broad spectrum of high design.
