Cromwell

Hampton Media Home Office Console

The 66-inch Hampton console is designed to function as a home office credenza or media console. It is crafted from sandblasted oak veneers in a rich graphite finish. A textured cast inlay band frames the perimeter. Custom hardware and the textured inlay are finished in nickel with a dark glaze. The open compartment at the top accommodates a sound bar or book storage. Behind the doors on the left are a storage drawer and a file drawer that will accommodate letter or legal files. Behind the doors on the right are two adjustable shelves. This design is also available in a 96-inch version.
