Cromwell

Claudette Bench Seat Sofa in 2336 11 fabric

Stunning transitional form hallmarked by long, gentle curves capturing a thick bench seat and tapering up to create a shelter effect that finishes in a sleek, narrow arm. The dramatic recessed plinth and deep back rail lend an architectural vibe to what is otherwise a statement in chic, pillowy comfort. The ultra down seat cushion is paired with six 22-inch blend down back pillows, and two 18-inch lux down throw pillows. The plinth base may be finished in your choice of upholstery finishes. **Please note that if you choose a Non Railroad body fabric there will be seams on the bench seat cushion.
