Cromwell

Sanderson Media Wall Unit

The Sanderson media wall makes a grand statement with its 89-inch height. The back panel is in the Senegal finish, while shelves and partitions are in the contrasting Tunis finish. All shelves are stationary with the exception of the middle shelf in the center section, which can be secured in any of three positions or removed to accommodate a television monitor and sound bar. The width of the center TV section is 52.5 inches between the end panels.
