

Cromwell

Barcelona Upholstered Bed

The contemporary shelter design of the Barcelona bed features six horizontal upholstered panels in the headboard with upholstered returns on each end. Side rails and the footboard are fully upholstered and trimmed by a wooden cap rail in the Tunis finish. Note the soft radius corners and cradled leg design on the footboard. The Barcelona is available exclusively in Delaney 2310-71, an indoor performance fabric with a woven linen construction in shades of ivory, taupe and brown.
