

Cromwell

Malcolm Sofa

The Barclay Butera Malcolm series offers a sleek modern interpretation of the track arm silhouette, one of today's most requested styles. The two-cushion design accentuates the 90-inch frame and refined arms. Railroaded fabrics are recommended in order to eliminate seaming on the cushions of the sofa. Customize the look with over 40 wood finishes on the exposed wood legs. Shown here in 191-11 Grade 2 fabric with Laguna Sands legs
