Atwell Dining Table

Cypress Point Atwell Dining Table. The sweeping textured metal pedestal rests on a wooden base comfortably seating 4 in the round, or add the single 22-inch table leaf to seat 6. The 58-diameter four-way v-match Gray Elm veneer top is framed by straight-cut borders while the single 22-inch table leaf features straight-cut veneer pattern. Light scoring and gentle wire brushing on the surface further compliment the cathedral grain and achieve a weathered look, accentuating the artisanal look of the Hatteras Gray finish.
