Piermont Dining Table

Cypress Point Piermont Pedestal Dining Table. The textured metal trestle base separates when adding one or both 24-inch leaves ensuring ample leg room and comfort for up to 10 people. Without any leaves, the table top is a 4-way v-match Gray Elm veneer framed by straight-cut borders. The two leaves feature bordered straight-cut veneer patterns and are easily supported by the metal glide system which adds durability and ease of movement. Light scoring and gentle wire brushing on the surface further compliment the cathedral grain and achieve a weathered look, accentuating the artisanal look of the Hatteras Gray finish.
