Cromwell

Sunset Key Grayson Upholstered Bed

The Tommy Bahama Grayson bed features upholstered panels in the headboard and footboard framed by mitered trim in the Shadow finish. Chamfered mouldings frame the perimeter of the side rails, which are lower to the floor, offering a more contemporary profile. The recessed plinth base gives the bed a floating appearance. The standard fabric is 2304-11 Biscayne a textured woven construction with a soft hand in a linen white coloration. However, the bed is also available in custom fabrics.
