Ariana St Tropez Upholstered Panel Bed

The upholstered headboard features a contemporary quilted pattern at its centre with a framed fabric border mitered at the corners for a tailored look. Note the fabric has a linear appearance which is applied horizontally, yet the upper and lower fabric border is vertical. A charcoal Gray accent striping highlights the bead moulding between the upholstery and wood frame. In addition, the footboard and side rails also display the Gray accent striping which complements the rich Gray platinum finish. The headboard fabric may be customized for an upcharge. We recommend using a Mattress and Base Ensemble
