Cromwell

Ariana St Tropez Upholstered Headboard

Sometimes the size or intimacy of the room dictates furniture selection. The headboard-only option features a standard fabric in a contemporary silver-Gray coloration with taupe undertones, which will complement many bedding and comforter designs. The elegant platinum finish is a rich Gray with a lightly brushed glaze and charcoal Gray accent striping. For headboard only, add 001-766 metal bed frame for proper set-up and support. We recommend using a Mattress and Base Ensemble
