

# Cromwell

## Bayville Ottoman

An ideal expression of comfort is realized with this matching ottoman. The side closest to the chair has a slight curve reflecting its design and the ultra down seat cushion provides a lift for your legs or an additional seat for numerous guest situations. The Millstone finish on the tapered legs and pewter finish on the nail head trim may be customized in addition to selecting the custom fabric upholstery. Shown here in 6358-31 Grade 6 with old brass stud trim
