

Cromwell

Monaco Leather Sofa

The allure of the tuxedo sofa is in its detailed tufting and high track arm, a collaboration of traditional elements with a modern spin. As part of the Final Touches no charge program, you may change the finish on the double row of nail head trim up the arms and across the top of the frame back, and the wooden tapered legs. Also available in fabric, and the Camille Sofa is the same frame but with two seat cushions. Shown here in 9628-71 Grade 5 leather with nickel stud trim
