

Cromwell

Hillstead Leather Settee

The tufted back design with two ultra down seat cushions and two 18-inch lux down throw pillows is a visual invitation to make yourself at home. Notice the pewter nail head trim on the base is standard, but you may add 3/8-inch nail head to the arm panel for an upcharge. The Millstone upholstery finish on the tapered legs complements the Oyster case goods finish, however you may customize with any fabric or finish. Also available in custom leather or quick ship leather. Shown here in 9629-11 Grade 1 leather
